

## Peabody Municipal Light Plant

Warren Street Extension • Peabody, Massachusetts 01960 • Telephone: 978-531-5975 FAX: 978-531-5476

June 5, 2006

Ms. Mary L. Cottrell  
Department of Telecommunications and Energy  
One South Station  
Boston, MA 02110

Dear Ms. Cottrell,

In regards to your request for information relative to The Commonwealth of Massachusetts Department of Telecommunications and Energy Docket #06-48 dated May 19, 2006 re: *Investigation by the Department of Telecommunications and Energy, on its own motion, into compliance with the gate box maintenance and improvement requirements of G.L. c. 164, 116B, by gas companies and municipal gas departments established under the provisions of Chapter 164*, please be advised that Peabody Municipal Light Plant (PMLP) owns approximately two thousand (2,000) feet of high pressure natural gas transmission pipeline which taps the Tenneco interstate high pressure natural gas transmission pipeline and PMLP owns no distribution facilities and therefore no gate boxes.

If you require additional information please call me at 978-573-1240.

Thank you.

Sincerely,

Ronald Tabroff  
Supervising Electrical Engineer  
Power Resource Management Division
